# FOODS

At Three Buns, everything we serve is made with love and the freshest possible ingredients. We use only 100% grass-fed, free-range, hormone and antibiotic-free vintage beef and lamb from Australia and New Zealand, locally sourced artisan buns baked daily and house-made sauces, pickles and garnishes. Burgers are cooked to order (medium or well done) and are also available protein style (lettuce wrap instead of bun). Burgers at Three Buns can get a little messy, but we think that's part of the fun. Hold on with both hands and enjoy the myriad of taste sensations!

## OUR MEAT

We are using Spanish galician-style Australian beef from The Vintage Beef Co. and Ovation lamb from Hawkes Bay, North Island, New Zealand, all of which is 100% grass-fed, free-range, hormone and antibiotic-free. Supplied by Whole Ingredients daily to us, just relying on the quality meat itself, we only season with kosher salt, never adding any fillers or extras to bulk out the meat.

Vintage beef from retired breeder cows, that have spent most of their lives on the best pasture lands of Australia, the average age of these cows are 8-9 years old resulting in a much deeper flavour than regular beef. Ovation lamb is raised in the lush pastures of North Island of New Zealand. To meet the brand's standards, they are required to be completely free-range and raised on a natural grass diet and bred for a mild lamb flavour.

## OUR DAWGS

Our beef and chicken frankfurters are made by Huber's. They produce sausages the traditional way using only top-quality ingredients. Using whole cuts of meat and do not add fillers or MSG to our sausages. The sausages are also gluten-free and do not contain sugar. To pack all the goodness in, we only use expensive natural sheep casing that gives you that awesome snap when you bite into it.

### 1. THE BUN

Baked out of house daily by artisanal bakers, following our recipes and methods, and then toasted to order.

### 2. THE GREENS

We use only the freshest and quality ingredients to complement our burgers. From the 'Little Gem' lettuce to Coeurs-de-Boeuf tomatoes, these greens add crunch and sweetness to any burger.

### 3. THE CHEESE

Our delicious house cheddar hails from Cheshire, UK, matured to intensify its flavour. For some of our burgers, we turn it up a notch and use applewood cheddar from Somerset, UK, smoked to perfection with a mild paprika rub.

### 4. THE MEAT

100% grass fed and free range. Our amazing vintage beef patties come from mature cows aged between 8-9 years old. Having spent most of their lives on the best pastures of Australia, their muscle-fat ratio contributes to a deeper flavour profile and texture for the perfect taste.

### 5. THE SAUCE

Our 15 different mouthwatering sauces are designed to marry our patties harmoniously. Each sauce is made from scratch for a flavour profile that is uniquely Three Buns.
